It is noted that errors appear in this application of a clerical nature or character, as more fully described below. They occurred in good faith. Correction thereof does not involve such changes as would result in submission of new matter.

An error is noted in the stated continuation-in-part serial number for the cross reference. The exact page and line number where this error occurred is page 1, line 10, which presently reads "09/296,127". The correct information should be 09/296,197.

Additionally, an error is noted with respect to the filing date of the continuation-in-part application on the filing receipt. The correct date as shown in the patent application, page 1, line 10, is April 20, 1999, not April 22, 1999 as currently indicated on the filing receipt.

Attached hereto is the original filing receipt mailed on April 20, 2001 where it was noted that the submitted CIP data was inconsistent with PTO records. A corrected Filing Receipt incorporating the requested changes is requested.

Respectfully submitted,
